- Registration Begins at 9:00 am
- Shotgun Start at 11:00 am
- \$100 Per Player
- \$350 Earlybird Foursome

Sponsorships Available

IIAN and the IIAN Foundation are working together to build a new Talent Network to connect Nebraska college students with jobs and opportunities in the independent agency system.

- Internships - providing the tools and coaching independent agencies and companies need to develop relationships with promising business students.
- Jobs pipeline - promoting open insurance positions to business students and helping agencies recruit new talent
- Scholarships for college students with potential for choosing a career in insurance - the Foundation has awarded more than \$95,000 to date, and is currently awarding \$7,000 each year.

It's a big challenge – and we need YOUR support!

We're calling on current leaders like you, who have built successful careers in the industry, to join the effort. With your help, we can offer competitive education and scholarship opportunities, so your future employees, colleagues and successors are the very best they can be.

The Impact

Beyond supporting successful careers and protecting the financial security of our neighbors, the insurance industry adds over \$10 billion to the Nebraska economy each year. In fact, insurance is one of our state's leading export products. We are all enriched by the economic impact of the insurance industry.

The Challenge

Despite the opportunities and fulfillment inherent in our industry, many individuals are unaware of the benefits of pursuing an insurance career. In fact, based on current trends, experts estimate that the industry may be "short" by 400,000 employees by 2020.

The Opportunity

Your leadership and support is critical. IIAN and the IIAN Foundation have a plan to address the challenge and ensure a brighter future for Nebraska, but it can't be accomplished without you.
