

CISR Conferment Ceremony October 26

CISR Designees Honored

IIAN held its annual CISR Conferment Ceremony on October 26 in Kearney, as part of the association's 109th annual convention. The ceremony recognizes those who have achieved **the Certified Insurance Service Representative (CISR) professional designation and/or the CISR Elite professional distinction.**

The CISR designation was achieved by 15 insurance professionals who completed the five-course program of study during the past year, and the CISR Elite distinction was bestowed on one individual that completed all nine courses required.
