RE: Nebraska 2017 Legislative Session, Week ending January 27, 2017

WEEK IN REVIEW

Friday was the 17th day of the 90-day 2017 Legislative Session.

Last week, the legislature conducted half-day floor debate focused on adoption of the permanent rules for the session and half half-day committee hearings.

To see schedule of committee hearings for the coming week, click here: [Committee Hearings](#).

Senator Bill Kintner of Papillion (District 2) announced his resignation on Wednesday, January 25th (see [Unicameral Update](#) for details) and Governor Ricketts will appoint his replacement. Senator Kintner served on the Appropriations Committee. The legislature will appoint his replacement to that committee.

Our Day at the Capitol and Senators Luncheon at the Mansion on January was a big success – we hosted 29 Senators and staff, and were successful in promoting support for LB553, IAN's new bill to address the problem of independent contractors who do not insure themselves for workers' compensation, sponsored by Senator Lowe. Senator Lindstrom and Senator Krist signed on as co-sponsors joining Senators Lowe and Kolterman. Good work everyone!

On Monday, January 30, IAN will be testifying in support of two Insurance Department bills:

[LB 231](#), which would clarify that the Insurance Director can take action against non-resident agents who do not maintain a resident license in good standing in their home state; and [LB 241](#), Which would enact an amendment to the privacy provisions of the Gramm-Leach-Bliley Act (GLBA) that alleviates some of the burden and redundancy associated with the annual privacy notice requirement, by not requiring that licensees (ie, insurance agents and agencies) provide notice every year as long as they (1) has not changed the privacy policies and practices described in its most recent privacy notice and (2) only provides nonpublic personal information to nonaffiliated third parties in accordance with certain provisions of the GLBA.
