RE: Nebraska 2018 Legislative Session, Week ending February 9, 2018

WEEK IN REVIEW

Last Thursday was the 20th day of the 60-day 2018 Legislative Session. Last week the Legislature conducted half-day floor debate, passed 18 bills, and continued half-day committee hearings. Committee hearings will end Tuesday, February 27. Full day floor debate will begin Wednesday February 28.

Wednesday, February 14 is the deadline for Senators to request designation of a bill as a 2018 Speaker Priority. The Speaker has indicated that any bills reported out of committee will be considered. Senators and committees have until February 20 to designate their priority legislation. Speaker Jim Scheer will announce his priority bills February 21.

On February 5, [LB 743 \(IIAN Supports\)](#) was placed on Select File (second round of voting). There was discussion last week regarding adding parts of [LB 220 \(IIAN Neutral\)](#), which would adopt the Insured Homeowners Protection Act, to [LB 743](#). As advanced, [LB 743](#) would adopt the Public Adjusters Licensing Act, eliminate the pre-licensing education requirement for insurance producers, and require course providers to file for re-approval of approved continuing education courses every four years. The Banking, Commerce & Insurance Committee has designated **priority status for [LB 743](#). [More detailed information.](#)**

IIAN also supports [LB 486](#), which will be debated on Select File on February 12. [LB 486](#) would allow up to 6 CEUs (out of 24 every 2 years in Nebraska) for "active participation in a professional insurance association" - by attending a formal meeting of the association; active service on a board or committee; or participation in industry, regulatory, or legislative meetings.

On February 7, [LB 1012 \(IIAN Neutral\)](#), was placed on General File (first round of voting), with Amendment 691. IIAN worked with the Department of Insurance and Senator Burke Harr, the bill's sponsor, on the amendment to include more stringent education requirements and consumer protections. The bill would exempt owners of self-storage units from having to qualify as a licensed producer in order to sell insurance on their customers' property while it is stored or in transit; instead it provides for a "limited license".

2017 SESSION WRAP-UP

IIAN took positions on or monitored 28 bills affecting the insurance industry last year. Of the five bills IIAN supported, two were passed, and three were held over to the 2018 "short session".

Three Insurance Department bills passed:

LB 137 to adopt the Unclaimed Life Insurance Benefits Act;

LB 231 to authorize disciplinary action under the Insurance Producers Licensing Act for failing to maintain a license in good standing (**IIAN supported**);

LB 241 to provide an exception to the annual privacy notice requirement under the Privacy of Insurance Consumer Information Act (**IIAN supported**). Provides an exception to the requirement that licensees of the Department are to provide an annual privacy statement. Current Nebraska law requires licensees to provide annual privacy notices and closely follows the federal Gramm-Leach-Bliley Act. However, in late 2015 Congress amended Gramm-Leach-Bliley to provide an exception to the annual notice requirement if a company provides personal information with non-affiliated third parties only as outlined in law and has not changed its policies disclosed in the most recent disclosure to the consumer. LB241 amends Nebraska law to relax the annual disclosure requirement if the licensee meets the criteria outlined in the Gramm-Leach-Bliley Act.

Also passed: **LB 406**, which amends certain statutes to provide that certain notices (for automobile liability policies) of cancellation or nonrenewal may be mailed by first-class mail using intelligent mail barcode or similar tracking method, in addition to registered or certified mail.

2017 BILLS OF INTEREST – HELD OVER TO 2018 SESSION

The following bills have been held over for the 2018 "short session.

LB553	Lowe	Provide for a nonelection of coverage under the Nebraska Workers' Compensation Act
	IIAN Position:	Pro-Active Support
	1/18/17	Introduced
	1/19/17	Kolterman name added
	1/20/17	Referred to Business and Labor Committee
	1/23/17	Lindstrom name added

	1/31/17	McCollister name added
	2/2/17	Hearing scheduled for February 27, 2017
	2/24/17	Brewer name added

LB553 was heard by the Business and Labor Committee on **February 27, 2017**. IIAN members **Andy Bassett** and **Tom Champoux** testified in **support**.

Insurance industry associations PCI and AIA testified in opposition, along with the Nebraska Trial Attorneys.

Would require an individual employer, partner, limited liability company member, or self-employed person who is actually engaged in his/her business and does not elect to bring himself or herself under the Workers' Compensation Act, including an individual independent contractor, who does not insure him/herself for workers' compensation, to acknowledge to the Workers' Compensation Court that he/she is not electing to be covered under the Nebraska Workers' Compensation Act. The individual would not be entitled to any benefits under a workers' compensation policy. The individual could elect to be covered under the Act at any time by submitting a request to the Workers' Compensation Court to remove their non-election of coverage, or purchasing a valid workers' compensation policy that includes her/him for coverage. LB553 would bring more clarity to the workers' compensation insurance market. It will create a more certain legal status for these individual employers and independent contractors in relation to workers' compensation benefits. In addition, it will allow them to decide whether or not to secure workers' compensation coverage in the future.

LB643 Krist Change automobile liability insurance and financial responsibility requirements
IIAN Position: Pro-Active Support

Would double the current financial responsibility limits for auto insurance. LB643 would increase minimum limits to \$50,000 per person and \$100,000 per occurrence for bodily injury and \$50,000 for property damage. These financial responsibility limits have not been raised since 1988.
