RE: Nebraska 2018 Legislative Session, Week ending March 16, 2018

WEEK IN REVIEW

Thursday March 15th was the 44th day of the 60-day 2018 Legislative Session. The speaker has announced that the Legislature will hold "late night sessions" on most remaining days.

In an unexpected development, on March 14 **LB 299 (IIAN Opposes)** - "Adopt the Occupational Board Reform Act and change procedures for rules and regulations", was advanced 33-0 on General File (first round of voting). We have been working closely with the Department of Insurance on improving this bill. As originally written, the bill would have prevented the Department from taking a person's criminal history into consideration during the insurance producer's license application process, and could still jeopardize the insurance producer license law and regulation in the future. The bill is backed by the Platte Institute, and appears to be based on a model law developed by the Institute for Justice, a conservative and free-market legal advocacy organization. [Click here](#) for more details.

On March 15th, **LB 743 (IIAN Supports)** was passed on Final Reading with an amendment including provisions from LB 220 (to adopt the Insured Homeowners Protection Act), regarding assignment of rights to a contractor following a loss. See Select File report from the Unicameral news office: <http://update.legislature.ne.gov/?p=23379>

As approved, LB 743 would adopt the Public Adjusters Licensing Act, eliminate the pre-licensing education requirement for insurance producers, and require course providers to file for re-approval of approved continuing education courses every four years.

LB 486 (IIAN Supports) was signed by the Governor on February 28th. LB 486 will allow up to 6 CEUs (out of 24 every 2 years in Nebraska) for "active participation in a professional insurance association" - by attending a formal meeting of the association; active service on a board or committee; or participation in industry, regulatory, or legislative meetings.

The bill would require the Workers' Compensation Court to approve a lump-sum settlement in cases in which the employee at the time of settlement was eligible for Medicare, was a Medicare beneficiary, or had a reasonable expectation of becoming eligible for Medicare within 30 months; or if medical, surgical, or hospital expenses incurred for treatment of the injury would not be fully paid as part of the settlement, if the employee's attorney affirms that the settlement is in conformity with the compensation schedule and for the best interests of the employee or his or her dependents, under all the circumstances. LB953 would also address a recent court decision regarding the enforceability of late payment penalties – making the entry of an order of dismissal a prerequisite to the discharge of a defendant from liability.

Would exempt owners of self-storage units from having to qualify as a licensed producer in order to sell insurance on their customers' property while it is stored or in transit; instead it provides for a "limited license". IIAN worked with the Department of Insurance to amend the bill to include more stringent education requirements and consumer protections - Amendment 1691, offered by Senator Harr. Representatives of the Self Storage Association testified in support at the hearing, and Director of Insurance Bruce Ramge testified neutral.

(NOTE: LB319, carried over from the 2017 session, providing exclusion from public records reports to the Workers’ Compensation Court, has resurfaced as LB1015.)

Would provide that reports of injury under the Nebraska Workers' Compensation Act that reveal the identity of the employee who is the subject of the report are not public records. Currently, 37 other states currently have laws similar to the concepts contained in the bill

2017 SESSION WRAP-UP

IIAN took positions on or monitored 28 bills affecting the insurance industry last year. Of the five bills IIAN supported, two were passed, and three were held over to the 2018 "short session".

Three Insurance Department bills passed:

LB 137 to adopt the Unclaimed Life Insurance Benefits Act;

LB 231 to authorize disciplinary action under the Insurance Producers Licensing Act for failing to maintain a license in good standing (**IIAN supported**);

LB 241 to provide an exception to the annual privacy notice requirement under the Privacy of Insurance Consumer Information Act (**IIAN supported**). Provides an exception to the requirement that licensees of the Department are to provide an annual privacy statement. Current Nebraska law requires licensees to provide annual privacy notices and closely follows the federal Gramm-Leach-Bliley Act. However, in late 2015 Congress amended Gramm-Leach-Bliley to provide an exception to the annual notice requirement if a company provides personal information with non-affiliated third parties only as outlined in law and has not changed its policies disclosed in the most recent disclosure to the consumer. LB241 amends Nebraska law to relax the annual disclosure requirement if the licensee meets the criteria outlined in the Gramm-Leach-Bliley Act.

Also passed: **LB 406**, which amends certain statutes to provide that certain notices (for automobile liability policies) of cancellation or nonrenewal may be mailed by first-class mail using intelligent mail barcode or similar tracking method, in addition to registered or certified mail.

2017 BILLS OF INTEREST – HELD OVER TO 2018 SESSION

The following bills have been held over for the 2018 "short session."

LB553 was heard by the Business and Labor Committee on **February 27, 2017**. IIAN members **Andy Bassett** and **Tom Champoux** testified in **support**.

Insurance industry associations PCI and AIA testified in opposition, along with the Nebraska Trial Attorneys.

Would require an individual employer, partner, limited liability company member, or self-employed person who is actually engaged in his/her business and does not elect to bring himself or herself under the

Workers' Compensation Act, including an individual independent contractor, who does not insure him/herself for workers' compensation, to acknowledge to the Workers' Compensation Court that he/she is not electing to be covered under the Nebraska Workers' Compensation Act. The individual would not be entitled to any benefits under a workers' compensation policy. The individual could elect to be covered under the Act at any time by submitting a request to the Workers' Compensation Court to remove their non-election of coverage, or purchasing a valid workers' compensation policy that includes her/him for coverage. LB553 would bring more clarity to the workers' compensation insurance market. It will create a more certain legal status for these individual employers and independent contractors in relation to workers' compensation benefits. In addition, it will allow them to decide whether or not to secure workers' compensation coverage in the future.
