The burial expense would increase from the current maximum amount of \$10,000, to an amount not exceeding fourteen times the state average weekly wage. (As of January 1, 2018, the state average weekly wage was \$831, so the maximum burial expense under LB928 would be increased to \$11,634.) The bill also provides that if there is no spouse, child, or other dependent entitled to benefits, the personal representative of the estate of the deceased would receive \$25,000.

The bill would require the Workers' Compensation Court to approve a lump-sum settlement in cases in which the employee at the time of settlement was eligible for Medicare, was a Medicare beneficiary, or had a reasonable expectation of becoming eligible for Medicare within 30 months; or if medical, surgical, or hospital expenses incurred for treatment of the injury would not be fully paid as part of the settlement, if the employee's attorney affirms that the settlement is in conformity with the compensation schedule and for the best interests of the employee or his or her dependents, under all the circumstances. LB953 would also address a recent court decision regarding the enforceability of late payment penalties – making the entry of an order of dismissal a prerequisite to the discharge of a defendant from liability.

**(NOTE: LB319**, carried over from the 2017 session, providing exclusion from public records reports to the Workers' Compensation Court, has resurfaced as LB1015.)

Would provide that reports of injury under the Nebraska Workers' Compensation Act that reveal the identity of the employee who is the subject of the report are not public records. Currently, 37 other states currently have laws similar to the concepts contained in the bill

### **2017 SESSION WRAP-UP**

IIAN took positions on or monitored 28 bills affecting the insurance industry last year. Of the five bills IIAN supported, two were passed, and three were held over to the 2018 "short session".

Three Insurance Department bills passed:

**LB 137** to adopt the Unclaimed Life Insurance Benefits Act;

**LB 231** to authorize disciplinary action under the Insurance Producers Licensing Act for failing to maintain a license in good standing (**IIAN supported**);

**LB 241** to provide an exception to the annual privacy notice requirement under the Privacy of Insurance Consumer Information Act (**IIAN supported**). Provides an exception to the requirement that licensees of the Department are to provide an annual privacy statement. Current Nebraska law requires licensees to provide annual privacy notices and closely follows the federal Gramm-Leach-Bliley Act. However, in late 2015 Congress amended Gramm-Leach-Bliley to provide an exception to the annual notice requirement if a company provides personal information with non-affiliated third parties only as outlined in law and has not changed its policies disclosed in the most recent disclosure to the consumer. LB241 amends Nebraska law to relax the annual disclosure requirement if the licensee meets the criteria outlined in the Gramm-Leach-Bliley Act.

Also passed: **LB 406**, which amends certain statutes to provide that certain notices (for automobile liability policies) of cancellation or nonrenewal may be mailed by first-class mail using intelligent mail barcode or similar tracking method, in addition to registered or certified mail.

**LB553** was heard by the Business and Labor Committee on **February 27, 2017**. IIAN members **Andy Bassett** and **Tom Champoux** testified in **support**.

Insurance industry associations PCI and AIA testified in opposition, along with the Nebraska Trial Attorneys.

Would require an individual employer, partner, limited liability company member, or self-employed person who is actually engaged in his/her business and does not elect to bring himself or herself under the Workers’ Compensation Act, including an individual independent contractor, who does not insure him/herself for workers’ compensation, to acknowledge to the Workers’ Compensation Court that he/she is not electing to be covered under the Nebraska Workers’ Compensation Act. The individual would not be entitled to any benefits under a workers’ compensation policy. The individual could elect to be covered under the Act at any time by submitting a request to the Workers’ Compensation Court to remove their non-election of coverage, or purchasing a valid workers’ compensation policy that includes her/him for coverage. LB553 would bring more clarity to the workers’ compensation insurance market. It will create a more certain legal status for these individual employers and independent contractors in relation to workers’ compensation benefits. In addition, it will allow them to decide whether or not to secure workers’ compensation coverage in the future.
